Can we add the disposition of the old Lenovo laptops to your agenda as well? Cy from CDI just gave us a quote for \$8,655 for the laptops. That includes CDI picking up the laptops. I am still waiting for a quote from HP on the disposal as well.

Hello Chris,

I received the message from Gene this morning and have addressed the adjustments for the quote. Thanks for bringing that to my attention.

On another note, I have heard back from my Disposition team with an offering price for the older Lenovo units.

Based on the specifications of the unit and the age we can offer **\$15.00** per unit.

If these units were Core 2 Duo or Dual Core machines I can assure the offer would have been for more. Unfortunately the units come with the Celeron processor which decreases the overall price offering.

The total would be in the amount of \$ **8655.00**.

If you feel this to be advantageous, then all we require is an invoice to us so we can pay you.

Again, I was hoping to offer more however, this is the current FMV for this product.

One last thing, I sent you an email yesterday requesting the Manufacturer part #'s for the 2 units.

Could you please provide?

Chris, if you have any questions or concerns, please feel free to contact me and I will assist.

I look forward to your response.

In kind,

**Cy Nibbs**
