Ref: Use of Facilities - Policy # 707

What is if the DISTRICT EMPLOYEES were charged a \$50 ACTIVITY FEE/ year. Therefore every employee who wanted to use the facilities within a 2 hour window of before school or after school would be able to ONLY if they paid the ACTIVITY FEE.

This would be a fund generator for the DISTRICT and is a suggestion for a means to help with the budget deficit. Only those teachers that pay the fee would be allowed to use the facilities [weight room and/or gym].

Can this be considered? Thank you
