### Agenda Action Items:

### Agenda Discussion Items:

1. **Girls Slow Pitch Softball update** – head coach Marty DeGore provide a brief update on the newly formed team. There are 24 girls total on the JV and varsity teams, practice began on August 13<sup>th</sup>, the team's first games were held this past weekend and they were rained out, but the field drained well during heavy rain. The new league play is going very well.
2. **Girls Freshman Basketball Status Update** – Bob Alpino indicated that it appears we will have enough girls signed up to field a team this coming season. 22 girls signed up during lunch time and Mr. Alpino will follow-up with them during an upcoming activity period. This should provide enough girls to move some up to the JV team, and still field a 9<sup>th</sup> grade team. There are six teams in the WPIAL that will have 9<sup>th</sup> grade girls teams this season and Mr. Alpino noted he will work to provide a similar schedule as last year.
