Dear Mr. Zeminski,

I wanted to take this opportunity to express our "Thank You" to you, the school district, and your driver for allowing us to have a bus for a drill. The drill involved Plum EMS and members of the Plum fire departments. Our purpose was to gain valuable information in the event of an accident involving a school bus. None of us want to have to respond to this type of call, but the knowledge gained from this drill will allow us to do our jobs in a more efficient and informed manner. All of those in attendance voiced how much they learned about construction, extrication, and rescue techniques. It was a valuable learning exercise

Please extend our gratitude to everyone involved from your organization. Again, our sincere thanks.

Sincerely yours,

Tom Izydore, Director
