

July 20, 2017

Dear Community Stakeholder,

The community is invited to a public meeting regarding the replacement of one Allegheny County bridge included in the Pennsylvania Department of Transportation's (PennDOT) Rapid Bridge Replacement Project. The meeting will be focused on important information including the construction schedule and traffic change that is planned to take effect while the bridge is being replaced.

Bridge: Route 2075 (Logan's Ferry Road) bridge, spanning Allegheny Valley Railroad in Plum Borough (JV-435)

During construction, car traffic will utilize a detour along Sardis Road (Route 2088) and Route 366 (Greensburg Road). Truck traffic will utilize a detour along Coxcomb Hill Road/Hulton Road (Route 2082), Freeport Road/Pittsburgh Street (Route 1001), Schmidt Bridge (Route 1038), Route 56, and Industrial Boulevard (Route 4087).

Location: Plum Borough Municipal Building
4575 New Texas Road, Pittsburgh, PA 15239

Date: Thursday, August 3, 2017 from 3 – 4:00 p.m. for local officials and from 4 – 6:00 p.m. for the general public.

A presentation will be given at the start of the meeting. Following the presentation, representatives from Plenary Walsh Keystone Partners will be available to discuss the bridge project and answer questions. Construction plans will be on display for reference.

A letter announcing the start of construction will be mailed out two weeks in advance to all project stakeholders. You will be given the opportunity to sign up as a project stakeholder the night of the meeting.

This bridge is referred to as JV-435. It is one of 558 bridges being replaced under the Rapid Bridge Replacement Project. JV references the joint-venture partnership between Walsh/Granite, which is leading construction for the entire project.

The Rapid Bridge Replacement Project is a public-private partnership (P3) between PennDOT and Plenary Walsh Keystone Partners (PWKP), under which PWKP will finance, design, replace, and maintain the bridges for 25 years. The P3 approach will allow PennDOT to replace the bridges more quickly while achieving significant savings and minimizing impact on motorists. For more information on the Rapid Bridge Replacement Project, visit www.parapidbridges.com. Please call or email the project hotline if you have any questions or concerns (877-444-9990 or info@parapidbridges.com).

Sincerely,

Jeff Rossi | Plenary Walsh Keystone Partners
Public Information Manager
