North Hills Water Gardens will be buying the tank for \$50—Bealls and Kubricks were not interested. Kubricks referred me to this vendor.

Bob – cancel the work order to move it to the Administration Building.

Could you please add to the agenda for the October board retroactive approval – “Sell used Rubbermaid tank to North Hills Water Gardens for \$50. Buyer responsible for pickup” or something similar to this?

Bob

Plum HS is looking to sell a 300 gallon Rubbermaid tank. We used this in the past to fill with warm water for our divers.

Grainer has this item listed for \$364.25

69" wide and 25" deep

94 lbs.
