October 2011 Holiday Park Elementary Building Highlights:

A month of school has already passed by, as Holiday Park Elementary School continues to “Achieve, Learn, Succeed”. Listed below is a snapshot of our school accomplishments through September:

- All kindergarten through sixth grade students completed the STAR literacy assessment. Teachers will use the data to create lessons meeting the reading needs of our students.
- Second – sixth grade students completed the STAR math assessment. This data will help teachers to improve areas of student math needs.
- Our annual CHAMPS / OLWEUS anti-bully kick off took place at the end of September. CHAMPS (caring, honesty, attitude, manners, pride, support) is HP’s extra effort program recognizing student good deeds. Led by Mr. Pucka and Mrs. Nese, motivating stories of support and student efforts were shared. In addition, students actively participated in a pep rally to start our anti bullying efforts. In addition, each student received a purple and gold pencil with the statement “Holiday Park Elementary KO’s bullying” printed on it. A special thank you to the Plum Mustang mascot, who took time out of his busy day of eating hay to visit our wonderful elementary students!
- Coming towards the end of October is the return of Holiday Park’s “Passport Readers Program”. This building wide reading program encourages all students to engage in more reading of books. Additional information will be provided.
