

TO: Board of School Directors
FROM: Dr. Timothy S. Glasspool *TSG*
DATE: June 24, 2014
RE: June 2014 Superintendent's Report

The purpose of this memo is to document several items:

Mr. Brewer has achieved a rating of "*proficient*" during the 2013-2014 school year. During our year-end evaluation meeting, we discussed areas of improvement and goal setting for the 2014-2015 school year.

Mr. Marraccini has achieved a rating of "*proficient*" during the 2013-2014 school year. As such, Mr. Marraccini has qualified for his contractual annual increase effective July 1, 2014. During our year-end evaluation meeting, we discussed areas of improvement and goal setting for the 2014-2015 school year.

Dr. Rossi and I met to discuss his mid-year evaluation. At this meeting we discussed District progress, academic achievement, his personal progress and development, and direction for this summer and the 2014-2015 school year.

Merit Adjustment

All Central Office contracts stipulate merit adjustment at "the sole discretion of the school board". The contracts further state that "the 0-4% award be based on performance assessments and/or recommendation of the Superintendent". For the first-time since becoming Superintendent, I am recommending the Board consider merit adjustment.
