# If You Can't Play Nice, Play Lacrosse

*Life is better when you stick together.*

Lacrosse is one of the most aggressive sports around. In order to play the game, you must have agility, endurance, and energy. The boys had a rough start to the season, but it did not take long for them to win their first game against Gateway. According to Ryan Wesolowski (9), "It was one of the best games of the season!" Despite the season's peaks and valleys, the hardest part may have been bidding farewell to eleven seniors. They are going their separate ways, but they will always share one thing in common—their love for lacrosse!

## Tennis the Menace

### *Stroking for a win*

Snow. Rain. Freezing temperatures. Wind. The tennis team thought they might never play a match all season due to the unseasonably wintry weather. Despite many cancellations and postponements, match play finally got underway on April 3. With six returning seniors, the boys had high hopes of a winning season. Getting off to a slow start hurt their chances this year. But they played good, solid tennis at the end of April and beginning of May and finished with four consecutive wins.
