Dear Gene,

Here is a CD containing the 2014 Plum School District Delinquent Real Estate list in Excel format. The CD also contains the 2014 School Year End Report and a copy of the file I am turning over to Andrews & Price. I have also enclosed a CD for Andrews & Price containing ONLY the unpaid 2014 taxes (in Excel format) due prior to 1/16/15 as well as prior years' unpaid Supplemental and Interim bills due prior to January 15, 2015.

As of this date total taxes due are **\$27,218,323.07** less **\$641,679.89** (Longwood properties exemption) therefore the adjusted total of taxes to be collected is **\$26,576,643.18** of which we collected **\$25,348,363.30**; there is **\$1,241,449.21** in 2014 taxes outstanding. This amount includes **\$44,293.69** in 2014 Supplemental bills not due at this time.

The amount of uncollected **2014** taxes being turned over to Andrews & Price is **\$1,197,155.52**. The Amount of **2013 Delinquent Supplemental** taxes turned over is **\$28,404.83**; the amount of **2012 Delinquent Supplemental** taxes is **\$235.44**; **2013 Delinquent Interim** taxes is **\$27,636.31** and the amount of **2012 Delinquent Interim** taxes is **\$71,125.47**. The School Board needs to exonerate me of these amounts

Furthermore, attached is a list of checks received after I closed the book on 1/15/15. These payments were deleted from the delinquent list being turned over to Andrews & Price.

Should you or the Board have questions please call me.

Respectfully submitted,

Harry R. Schlegel
