

WHO WE ARE

Nancy Holland

@Mrs.Holland15

#PLUMFAMILY

Mrs. Nancy Holland is a first grade teacher at Center Elementary. She has served in the Plum Borough School District for 27 years.

Nancy's colleagues inspire her. They create a spirit of

collaboration and unity that helps her grow, gain new ideas, and remain enthusiastic and optimistic!

Her advice to students and/or colleagues is *"Every student can learn and succeed in his or her own way, if given a chance. It's important to recognize and accommodate the diverse learning styles and unique personalities of all students."*

The most favorite part of Nancy's job is watching students grow and progress throughout the year. She finds it very rewarding to see them gain confidence in their reading ability and to guide them in developing a love of learning and problem solving. She also finds it amazing to see the progress that first graders make from the beginning of the year to the last day.

Cool Fact: Some of Mrs. Holland's former students are now teachers in Plum!

Mrs. Holland loves teaching in Plum. Her daughters received a great educational experience in Plum and she values the opportunity to spend her career here as well. She's proud of our students, teachers, and learning community.
